## Mike

NBI Upgrade: TVPS Fore line installation continues. Exhaust installation continues. TVPS turbopump table installation is in progress; oterh TVPS installation work continues including some water piping modifications and instrumentation. TVPS cabling is in progress also. The Armor manifold installation continues. Service installations continue on BL2 including dry nitrogen and air lines. NB Controls fabrication and installation cabling work on rack connections, cable runs, and BL wiring continued in NTC and gallery. Telemetry fiber optics end to end testing continues in NTC.; some rework of f/o terminations is required before power testing can start. Additional NB installation procedures are in development and review. A successful Peer Review was held to add a shield wall at the NTC North door in the Gallery.
