Subject: NBI Upgrade Weekly Status 5/31/13

Mike

NBI Upgrade: Installation of the magnetic shielding on the BL OMA boxes continues. Fabrication and leakchecking of LHe cryo line continues in the NB shop. LHe cryogenics line installation, welding, and leakchecking on the TFTR Test Cell East wall continues. Fabrication continues on the NB/TVPS duct components in the Tech Shop. Leakchecking of the circular bellows took place; welding on its flanges has started. The DI water system subcontract continues and demolition work has started. The power supply cable and tray SOW has been approved; drawings are in review. NBI Armor fit-up and support installation in the VV continues. JK VV reinforcements are on order.

Regards,

Tim
